

MINI SIZER

HIGHLY DURABLE COMPACT SCREENER

The McCloskey™ Mini Sizer is a compact solution for high quality screening when on-site space and transport options are at a premium.

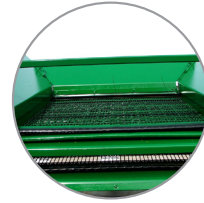

With a 5' x 5' (1.5m x 1.5m) double-deck screenbox, the Mini Sizer offers contractors a clean and saleable product, increasing the quality of their material, reducing waste cost and creating new streams of revenue for their business.

For applications such as construction and demolition, topsoil, landscape, and mixed aggregates, contractors have found the Mini Sizer to be an efficient and cost effective solution.

EXTENDED LOAD AREA

Allows for loading with an excavator or a loading shovel of up to 2.8 meters.

SCREENBOX

2 deck, 2 bearing, 1.5m x 1.5m (5ft x 5ft) screenbox efficiently screens a variety of products.

EASE OF CHANGE

Both top and bottom decks are tensioned and easily accessible for screen changes.

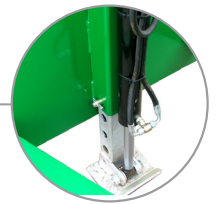

WHEELED UNIT

On-site transportation is made easy with hydraulic wheels and a pintle hitch.

JACKING LEG

Hydraulic jacking leg offers greater stability without impacting mobility.

Engine	9.5Hp (7.1kW) Diesel
Transport Height	10' 3" (3.13m)
Transport Length	17' 10" (5.43m)
Transport Width	7' 7" (2.32m)
Weight	7,000 lbs (3,200 kg) est.
