

512A

Wheeled Trommel

The 512A Trommel provides McCloskey International's customers with the functionality of our highly successful screener line-up with an extended conveyor.

The 512 trommels are best suited for mid-size operations requiring portability and proven screening performance.

As the top selling mid-size portable trommel in North America, the 512A offers a combination of high production rates, versatility, ease of use and unrivalled strength that has ensured this screener's popularity with top soil producers, contractors, and landscape supply operators.

Features

- 5'x12' heavy duty trommel drum
- 55 kW (74 hp) engine
- 5th wheel kingpin connection (512A)
- Wheeled mobility
- Fast on-site setup time (10 minutes)

Hopper Capacity

Hopper capacity of 3.4m³ (4.5yd³) with extensions for greater efficiency.

Fines Conveyor

Fines conveyor at the end of the trommel with a 1200mm (48") wide belt.

Brushes

Ground level adjustable brushes keep the screen clean and rotate away from drum for ease of drum change.

Wheeled Mobility

Unit with 2 single axles.

Trommel Drum

Features a 5' x 12' steel drum, with numerous drum and screen options available.
