

Do you have an eye for sourcing?

McCloskey International is looking for a Sourcing Specialist to Build Our Team!

McCloskey International leads the screening and crushing industry with a complete line of equipment including: crushers, vibrating screeners, trommels and stacking conveyors. Built with power and durability as standards, every product is field-tested before being deployed in a wide range of industries around the world. We currently operate across 3 manufacturing sites in Northern Ireland and we continue to grow our market share.

Job Summary

The top priority of Sourcing Staff is the delivery of outstanding, timely service and best-in-class Quality & Cost products and services to our Manufacturing Operations.

Reporting directly to the Sourcing Manager, the Sourcing Specialist is responsible for developing Sourcing Strategies along with the Sourcing Manager based on detailed spend analysis and will be heavily involved in running contract negotiations and commercial responsibilities across major projects and driving a company strategic Sourcing Process

Job Duties

- Understand and track performance of the organization spend, supply market and costs.
- Leverage the organization buying power to optimize costs, access new suppliers, reduce lead times, and guarantee supply.
- Provide supply market and sourcing advice and recommendations.
- Develop, implement and use tools and technology for managing and analyzing the supplier portfolio.
- Lead on a range of sourcing activities, commercial decision making and contract management covering the full end to end sourcing process along with continual negotiations within defined projects.
- Manage several concurrent sourcing and contracting projects, ensuring that all customer needs are understood, and structure and resource projects accordingly to deliver these requirements.
- Take a professional and disciplined approach to working with suppliers ensuring transparency, consistency and fairness. Implement and support compliance to standards and minimize risk and cost exposure.
- Support due diligence in mitigating all external supplier risk from supplier selection to contract execution.

- Identify cost savings with current suppliers and negotiate price decreases.
- Push back any advance and reach agreement with suppliers on cost increases they propose.
- Source & Evaluate new suppliers to improve our brand and service to shop floor.
- Work with Sourcing Manager to identify opportunities for resource.
- Record and track cost saving projects.
- Travel to suppliers sites to evaluate capabilities and discuss contracts(post Covid restrictions).
- Works in compliance with all Administrative, Health & Safety policies and procedures as per legislative requirements and as outlined in Company policies.
- Complete any special projects as required. May be assigned to other areas of Operations, based on business or customer requirements.

Job Requirements

As well as the requirements below, the ideal candidate should be driven to achieve cost reduction without compromising quality and be confident they can achieve measurable reductions on their allocated projects. Be willing to work with all departments to achieve goals.

- Must have at least 5 GCSE's grade C or above including Math and English.
- Solid knowledge and understanding of the full end to end procurement process including strategic procurement techniques, sourcing and tendering, supplier management and negotiation.
- A proven track record in the delivery of cost saving projects and programmes, ideally in the Engineering industry.
- Strong organizational, planning, research and influencing skills are required.
- Strong relationship management skills with proven ability to be a strong communicator and negotiator.
- Be reliable, take initiative, and be able to work in a fast moving environment.
- Must be proficient in MS Office (including, Word, Excel, PowerPoint) and with ERP or similar scheduling system.

Due to the current COVID 19 restrictions please do not visit any of our sites in person to request an application form. If you wish to be considered for this new opportunity and wish to be a part of a dynamic and international organization then please send your CV and cover letter detailing your suitability for the post by email application_uk@mccloskeyinternational.co.uk or call us on 028 8774 0926 for more information.
