

ST80 STACKER

The McCloskey® ST80 Wheeled Stacker is designed for high capacity stockpiling operations. All units come standard with diesel power units, hydraulic main lift and hydraulic top fold. Electric and dual power are both available as options based on the best application for the customer's business. The ST Stacker Line is also available as a radio controlled track mounted unit.

FEATURES

- ✓ 900mm (36") wide heavy duty 80' long conveyor
- ✓ 36.5 kW (49 Hp) Tier 4 engine
- ✓ Row towable
- ✓ Large feed hopper
- ✓ Hydraulic folding frame for easy transport
- ✓ Fast on-site setup time (5 minutes)
- ✓ Abundant service room inside the power-pack
- ✓ Air brakes, mud flaps, lights

This heavy-duty mobile stacker has a setback axle and 22.5 degree max conveyor angle allowing for the highest stockpiles per conveyor length in the industry.

With its durable truss frame, large feed hopper and base production capacity of 500 TPH with optional upgrades to 800 TPH, the McCloskey ST80 stands up well above the competition.
