

512A

Wheeled Trommel

The 512A Trommel provides McCloskey International's customers with the functionality of our highly successful screener line-up with an extended conveyor.

The McCloskey® 512 Trommels are best suited for mid-size operations requiring portability and proven screening performance.

As the top selling mid-size portable trommel in North America, the 512A offers a combination of high production rates, versatility, ease of use and unrivalled strength that has ensured this screener's popularity with top soil producers, contractors, and landscape supply operators.

Features

- 5'x12' heavy duty trommel drum
- 55 kW (74 Hp) engine
- Fast on-site setup time (10 minutes)
- Wheeled mobility
