

# WS3250

## Highly Mobile Wheeled Stacker

The McCloskey® WS3250 is a light duty mobile stockpiling conveyor that has been designed for high capacity stockpiling operations. The conveyor is perfect for both material stockpiling or material transfer between machines.

The machine's small footprint makes it perfect for sites with spatial constraints.

Four of these units can be transported in a 40ft, high cube, open top container, thereby substantially reducing transport costs.

## Features

- Heavy duty mobile stockpiling conveyor with following features:
- 800mm (32") wide heavy duty 50' long conveyor
- Large feed hopper
- Close coupled, diesel powered or electric powered
- Fast on site setup time - 5 minutes
- Adjustable feedboot height to minimize impact
- Feedboot extensions.

### Dimensions and Capacities

Engine	36.5 kW (49 Hp)
Transport Height	2.67m (8' 9.5")
Transport Length	12.20m (40' 0.5")
Transport Width	2.58m (8' 5.5")
Weight	4,500 kg (10,000 lb)
Stockpile Height @ 22 degrees	6.40m (21')
Stockpile Capacity @ 22 degrees	475m <sup>3</sup> (625yds <sup>3</sup> )
Production	400 TPH

#### Guarding

All guarding is fully compliant with CE specifications.

#### Radial Axle

Pivoting axle box allows for creating swept radius stockpiles

#### Couples With Crushing & Screening

Can be coupled with McCloskey crushers and screeners maximum production.

#### Transport Friendly

Units can be containerised, which significantly reduces transport costs.
